### REVOLTING STORY OF TEXAS LYNCHING

CAMERON, Texas, Nov. 10.—Revolting scenes marking the lynching of Fernando Gomez, a Mexican lad, at Thordale, Texas, last June, were described in court today by Alfred Wilson, a witness in the trial of Z. T. Gore, Jr., charged with participation in the affair.

Wilson testified that he was guarding the boy, Gomez, after the Mexican had been arrested upon the charge of having snubbed to death Charles Zeitling, a garage keeper. Gore and three other men, he said, took the lad from him by force. He asserted that he recognized Gore and the others by their voices. It was dark at the time.

One of the four men, according to the witness, dragged away Gomez, after a trace chain had been fastened about the Mexican's neck. The man who dragged the boy away, Wilson testified, was on a horse, and fastened the chain to the pommel of his saddle. After dragging the boy some distance, according to Wilson, the horseman stopped in a crowd. Many men in this mob, Wilson said, kicked the half-conscious form of the Mexican youth. Then Gomez was hanged to a telephone post.

### HALF MONARCHY HALF REPUBLICAN

Proposed Division of Chinese  
Empire as a Basis  
of Peace

PEKING, Nov. 11.—The fate of the throne of the Chinese empire rests upon the action of Yuan Shi Kai. The latest message from Yuan, who has been conducting negotiations with the rebel leader, Gen. Li Yuan Heng, indicates that a compromise is possible, that General Li is becoming less irascible, but that there are differences of opinion between Li and his colleagues as to matters of policy.

According to foreign official telegrams, Li, failing to exact better terms, might perhaps be prepared to agree to a partition of China, that portion of the country south of the Yangtze becoming republican, Manchuria and Chi Li remaining monarchial, the other provinces making their own choice. Many of Li's followers demand an overthrow of the government, and scout the idea of dividing the empire.

The government has requested that the reported flight of the emperor be denied. Roger S. Green, American consul general at Hankow, reports that his guns have been mounted for an attack upon Han Yang. Chinese officials report that the bombardment of Han Yang began yesterday.

### MOVING PICTURES AT BARGAIN PRICES

Moving pictures at the lowest possible prices and with a change of program, an entirely new series of films every day is the offering that the management of the Star theatre will make to the amusement lovers of Bisbee beginning tomorrow. There are to be daily matinees and three times each night. The Star management is certainly progressive and determined to give the patrons their money's worth and then some more.

In the large cities there are many moving picture houses that charge out five cents admission. There are those that charge more also, but the majority of picture houses charge the people in general. But in the far Southwest the experiment has never been tried, or in the cities freight or express rates amount to nothing but here so far from the Madden Crowd" express rates and freight rates amount to a considerable figure in any event and are doubled when the program is changed daily instead of only three times a week. In addition to this the cost of film service is also doubled. Despite these added expenses the Star is going to give Bisbee a moving picture show with a change of program daily for a nickel, five cents, go in and stay as long as you want and be sure you will see something different every day you attend. Going some! What?

The program tonight is featured by a picture showing the awful devastation that was wrought by the hurricane that swept over Charleston, S. C., on Sunday, August 10 of the present year. These pictures were taken both during and after the storm, are wonderful and thrilling and above all, unusual in the terrible scenes which they depict of nature in one of the ugliest of her varying moods. This reel is entitled "Charleston Hurricane and Flood."

"Faith" tells a story full of pathos. A minister loses faith in the gospel he preaches. He deserts his pastorate and goes west in search of gold, wins his quest but in his riches is still poor. The story tells further how he recovers his faith in God and returns to his duties stronger and better for his trials.

Other numbers that are well worth the seeing are "The Great Sacrifice" and "Roped and Tied."

YOEMAN DANCE TUESDAY: Invitations are out for a dance to be given Tuesday night, November 14th at Odd Fellows Hall by the Yoeman's lodge. A pleasant time is always had at all the dances given by the Yoemen. Brennan's orchestra will furnish the music.

### THINGS SCHEDULED FOR COMING WEEK

Among Others the Assembling  
of New Canadian  
Parliament

WASHINGTON, D. C., Nov. 11.—The return of President Taft to Washington after an absence of two months will be the signal for a reawakening of official life and political activity in the national capital.

Though congress will not meet for several weeks many of the members will be here for meetings of various commissions and official investigations. The president will begin work in earnest on his annual message and political leaders will drop in to consult with him concerning the preliminary work of the approaching campaign, which it is generally agreed is to have an earlier beginning next year than is usually the case.

The progress of events in Tripoli and of the revolutionary movement in China, together with the McNamara trial in Los Angeles, may still be counted on to furnish first-page stories.

The first session of Canada's newly elected twelfth parliament will open Wednesday. The proceedings on the first day will be purely formal and of a routine character. The ceremonial opening by his royal highness the Duke of Cornwall will take place Thursday and promises to be an event of exceptional brilliancy. The duration of the parliamentary session and the extent and character of the business to be transacted are largely problematical.

Among the important gatherings of the week will be the annual convention of the American Federation of Labor, at Atlanta; the annual convention of the American Road Builders' association, at Rochester; the meeting of the Trans-Mississippi Commercial Congress, at Kansas City; the convention of the American Association for the Study and Prevention of Infant Mortality, at Chicago, and the convention and exhibition of the American Apple Congress, in Denver.

Other events of more or less interest and importance will be the annual banquet of the Canadian club of New York, the dedication of the Massachusetts monuments on Petersburg battlefield and at Valley Forge, the United States Land and Irrigation Exposition in Chicago, the opening of the football games between Yale and Princeton, Michigan and Pennsylvania and Wisconsin and Minnesota universities.

### OSCAR HAMMERSTEIN'S VENTURE IN LONDON

The Opening Tomorrow Night  
of His New Opera  
House

LONDON, Nov. 11.—Monday night, with the opening of his new London opera house, the irrepressible Oscar Hammerstein will enter upon his career as a manager of grand opera in the British metropolis. Whatever the artistic or financial success of the undertaking may be, it is certain that Mr. Hammerstein has given to London one of the finest and best equipped theaters in the world. Designed and completed in twelve months, the magnificent structure in Kingsway is a model opera house in every respect, and if thoroughness and attention to every requirement meet success, the New Yorker is going to be eminently successful.

The opera house will accommodate 2,500 persons. It contains 43 boxes, including a handsome suite for the use of the king. The stage measures ninety feet by sixty feet, and is specially constructed with a view to magnificent spectacular effects. As in the Paris houses, there are saloons, lounges, and toyers for every part of the house. The entrance hall is of unusual size, and surrounded by a peristyle of Corinthian columns, the special feature of the frontage being the central window, forty feet in height. Statues illustrative of music and art stand upon the corners, and each end of the building is crowned with large groups of classic statuary.

Among the operas selected for production the coming week are "Norma," "William Tell," and "Quo Vadis." Among the principals in the casts will be Maurice Renaud, Orville Harrold, who makes his London debut on the occasion; Aline Villardi, a favorite of the Paris Opera House Comique, and Nina Patti, who comes from the Paris Gaitey.

#### NEW PICTURES AT ROYAL

The former does not like his daughter's suitor, and forbids his coming to the house. The young people plan an elopement, and just as they are leaving the father of the bride shows up. The scenes that follow are the ones that make the story interesting. "Ninety and Nine" tells of a young man who is the black sheep of the family, who afterwards returns and is forgiven by the fond parents. "A Jealous Wife" tells of a husband who, when afterwards she finds out that her husband was admiring a pet dog, "An Unknown Language" is a comedy of really laughable happenings.
